OUR SERVICES

Italia Kitchen offers a wide range of comprehensive services in the Industrial Kitchen and Laundry equipment fields. Italia Kitchen assigns a project manager to your project to offer you a personalized service tailored to your needs. This will ensure complete coordination from the beginning to the completion of the project.

Our consulting & design department studies your needs and proposes the most practical and cost effective design, equipment and appropriate brands for your project based on your requirement, the laws and regulations but also on our market knowledge and long experience in this field.

Our purchase department ensures the supply of the best equipment at the right time. Also, we make sure spare parts are available for the service and maintenance of your equipment as well as accessories and consumables.

To ensure the continuity of your operations, we offer you personalized maintenance contracts after the warranty period is over. Our maintenance teams are trained to resolve all the technical issues you may face within the shortest deadlines.
