**A COMBINATION OF HIGH GLOSS
AND ULTRA-PRECISION.
ONE-OF-A-KIND FOR A MIXER.**

A special color nuance gives the gorgeous design objects an additional refinement. Polished Gold Optic symbolizes luxurious elegance and creates a warm color accent in the bathroom. Such as on the three-hole wash basin mixer in a light-colored marble environment.

A WONDERFULLY GENTLE PAMPERING EXPERIENCE

The bathroom is the perfect place to indulge, where you can forget the hustle and bustle of everyday life. Your shower can provide that ideal retreat.

With Rainfinity, the PowderRain water spray not only covers your head and shoulders, it gently envelops your whole body with head and shoulders, it gently envelops your whole body with thousands of micro-droplets. The spray surface is slightly curved inwards, providing the ultimate in comfort and creating a truly relaxing shower experience.

Using the Select button on the hand shower, you can switch between the three spray types - PowderRain, Intense PowderRain and Mono with the push of a button. The overhead shower also boasts three sprays PowderRain, Intense PowderRain and RainStream, each pampering you in their own way. Combined with a flat hansgrohe concealed thermostat such as ShowerSelect or RainSelect, each can be selected at the touch of a button.

The Rainfinity shower system be selected at the touch of a button. The Rainfinity shower system dividing it into delicate micro-droplets and creating a velvety soft PowderRain: Six ultra-fine pinholes shape each individual water jet, feeling on your skin.

SUPERIOR SHOWERING AT THE PUSH OF A BUTTON

On the Raindance hand shower, you can switch between the three jet types using the Select button, for a relaxed, stimulating or refreshing shower experience.

ADJUST IT TO YOUR NEEDS

Rainfinity can be adjusted to an incline between 10° and 30° thanks to the innovative wall connection, providing a shower position that keeps your hair and face dry if desired. Due to the angled positioning being achieved without a conventional shower arm, the Rainfinity overhead shower makes a real style statement in the modern bathroom.

FOR DESIGN LOVERS

The Rainfinity design is visually refined. With modern surface colours and the subtly structured spray disc, the large overhead The matt white of the shower contrasts elegantly with the graphite coloured spray disc.
